Custom Kyoto Tours

Kyoto Kimono has been conducting textile-focused tours in Japan for almost two decades. We use local guides, visit artisan studios and enjoy hands-on workshops where members try their hand at traditional Japanese textile techniques. We do not focus on the many iconic tourist attractions in Kyoto, but we leave time in the schedule for members to visit these on their own.

Starting in 2021, we will be offering customized textile tours tailored to the needs, budget and time frame of each group. Here are the general details for a basic tour – an asterisk indicates items that can be customized:

Group size: 6 people*
Duration: 6 nights*
Activities: Single Room at the Palace Side Hotel*
Breakfast each day
Lunch on all tour days
Welcome and Farewell Dinners
1 free afternoon, 1 afternoon finishes by 2pm*
2 workshops (shibori, sashiko, stenciling, indigo, or customized)*
6 artisan studio visits*
1 kimono lecture/presentation/dressing experience
1 market day* (flea or craft, depending on the tour dates)

Price Range: \$1800 - \$2000 (depending on customized options). General rule of thumb is \$300 per day to include hotel, two meals, taxi transportation, morning and afternoon activities, and guide fees.

We also contract with a small Kyoto-based tour design company that offers non-textile workshops (e.g., cooking, wagashi (Japanese sweets) making) and tours (e.g., Nara, Arashiyama, Fushimi) that can be added to the tour days or on days after the regular tour.
